12	PPMG should go back to having zone runoffs, as kids from country clubs go from having only practiced at rallies, straight into a big competition with lots of rows of racing ponies either side of them. At least with zone runoff they get a gradual exposure. Generally there has been an undermining of the zones, with less zone events and things becoming more state event. There needs to be that middle ground. And interzone events - particularly in the rural areas.	10/31/2018 5:28 PM
