STATE TETRATHLON CHAMPIONSHIP INFORMATION

QUALIFICATIONS
All Championship and Open horse/rider combinations must have successfully completed one competition round of cross country, Hickstead or Hunter Trial (excludes training rounds) at their nominated level or higher, in the 18 months preceding the close of entries. A 65cm cross country round is an accepted qualification for the 70cm class.

All Championship horse/rider combinations must have attended a minimum of two Working Rallies (as defined by the Working Rally Definition) within the 12-months prior to close of entries, at the club at which they are a member.

HORSES
The ‘one horse, one rider rule’ will apply for all classes, e.g. horses may be entered for one class only and may not be entered in any other class.

RIDERS
Riders may only compete in one class.

Championship Riders must be current financial Associate or Ordinary Riding Members with Pony Club WA.

Open Riders are riders over the age of 18 years as of the 1st January and current financial members with Pony Club WA in one of the following categories:
- Adult Supporter Mounted
- Affiliate Riding Member
- Club Coach Mounted
- Life Member Mounted
- Open Riders
- Competition Participants

SHOOTING
The pool pistols provided for the competition will be calibrated to the sub 6 o’clock position. This means that the pistols are set to hit above the point of aim (e.g. if you aim below the bullseye you should hit the bullseye. This is done as it is easier to accurately line up the sights when you have a white background.)

Competitors are allowed to use their own laser pistol. Pistols will be inspected prior to use and must be a UIPM endorsed laser pistol and have no modifications to standard issue.
SWIMMING
Competitors will be asked to provide an approximate swimming time for the completion of their swim in the entry pack. This time will be used to group swimmers of a similar ability. To ensure the swimming phase is run efficiently and that all competitors are capable of completing their swim, please take the time to do a timed practice swim prior to the close of entries.

If a competitor swimming 200m has not completed the swim within 7:50 they will be asked to retire and awarded 20 points for their swim phase. If a competitor swimming 100m has not completed their swim within 6:10 they will be asked to retire and awarded 20 points. A competitor may retire at any point after entering the pool and be awarded 20 points for participation.

TEAMS
- Teams of four or three riders will be drawn for the competition. Clubs may nominate a team or teams in any class where they have sufficient competitors. Please provide the team name on the entry form.
- If there is not enough competitors for a team within a class (<6 competitors), two classes may be combined. This will not affect individual results/placings.
- If a club does not have enough riders for a team, where possible composite teams will be created. However, inclusion in a composite team cannot be guaranteed.
- Riders will be entered as team for championship classes, however for the 45cm non-championship class participants will enter as individuals only.

CAN YOU GIVE A RETIRED RACEHORSE A SECOND CAREER?
Racing and Wagering WA’s Off the Track program is committed to the welfare of our racing animals during and after their racing life. Retired racehorses transition into ideal pleasure and performance horses.
