## OBJECTIVES

The Prince Philip Mounted Games provides the Pony Club with a competition requiring courage, determination and all-round riding ability on the part of the rider, and careful and systematic training of the pony.

Its objective is to encourage a higher standard of riding throughout Pony Club and to stimulate among the future generation, a greater interest in riding as a sport and recreation.

### PRELIMINARY EVENTS

Competition held by clubs or zones to allow riders the experience of riding in competition. These are open to any club who wishes to compete from zone/ zones involved (the organiser may open the event to include any club not necessarily within the zone). The riders must compete as club and if

there are either fewer riders or more riders than required to make a team the PPMG Sport Committee will form composite teams. The Chief Steward is able to make composite teams on the day if the situation requires. Teams may change between preliminary events

## **CHAMPIONSHIP QUALIFYING EVENT**

This is a state-run event at which all club and Active Riding Sport Committee approved composite teams can compete at. From this competition teams will be chosen on merit to proceed to the championships. Teams are required to take part in the Qualifying Event before moving forward to the Semi Finals & Championship events.

All riders are required to have met the 3-rally qualification requirement to compete.

Composite teams must be approved by the active riding subcommittee prior to the event.

## **SEMI FINALS & STATE CHAMPIONSHIPS**

**Pony Club Western Australia Prince Philip Mounted Games**

**Championship for qualified Junior and Open Divisions: Semi-Final and Final.**

The Semi-Final to be held on the first day of the Active Riding Pony Club Championships will consist of eight (8) games plus a tie-breaker selected from the twelve (12) nominated by a draw of participating Clubs on the day.

The Final of both Junior and Open Divisions will be held on the second day of the Active Riding Championships and will consist of all 12 games selected for that year. Prior to the commencement of the competition one (1) game will be drawn from the nominated games and this game will be the tie-breaker if required.

## **ENTRIES**

All Pony Club WA and International rules that pertain to Prince Philip Games regarding qualification for events are maintained.

## **CLUB TEAMS**

Clubs teams will consist of 5 riders, pairs will consist of 2 riders, who must be current financial members of the Pony Club and affiliated with Pony Club WA.

Riders may ride up a division in a Preliminary Event in order to help a club field a team, however if the rider rides up at a Qualifier event the Horse/Rider Combination will not be eligible to ride down a division at the championship event.

If a novice rider rides up in a junior division at a preliminary event as a 5<sup>th</sup> rider there is no restriction on them returning to Novice division. If the Novice Rider rides up at a qualifier, they may not ride back down in Novice

## **COMPOSITE TEAMS**

A club who does not have sufficient riders to field a team or pair can apply to have their eligible riders entered as part of a composite team/pair. A club may enter a full team plus enter riders as part of a composite team/pair.

Effective 1 January 2023

- No rider shall be disadvantaged by the combination of Club teams
- All Clubs must have a signed statement from the Club Chief Coach state that no rider is disadvantaged by the decision to form a composite team
- Applications for composite teams for the Qualifier must be approved by the Active Riding Sport Committee, who will assess the merit of the application and notify the clubs of the outcome
- The Active Riding Sport Committee will make the final decision regarding the participants in a composite team. Composite teams must participate in the championship qualifying event to be eligible to ride at the Semi Finals & State Championships in the same year.
- A composite team which qualifies to go through to the semi-finals & state championships, must remain as composite team of the same composition unless the Active Riding Subcommittee allow a replacement rider to be selected from a different club to the rider withdrawing from the team.
- Every effort will be made to form composite teams geographically to enable training together. Please note this is not always possible for the Active Riding Sport Committee.
- Composite Team Managers/coaches are to make every effort to ensure that all riders are treated fairly and given opportunities to participate in competition while ensure the safety of the horse and rider combinations.

## **SUBSTITUTIONS**

In the case of injury after the closing date an application for substitution of a team member or horse must be made to the Active Riding Sport Committee and such applications will be given full consideration. Substitute horse and rider combinations must be appropriately qualified.

Clubs may not substitute a member of a composite team to fill a vacancy in a Club Team once the Draw has been completed. A duly qualified horse and rider combination not already entered in the competition may be substituted.

## **DECLARATION**

The declaration form **MUST** state the names of members of the team, their ages, the ponies' names and ages and be signed by the Team Manager of the team, confirming that the riders and ponies nominated are eligible to compete and are capable of participating safely at this standard of competition.

These forms must be handed to the organiser prior to participating. The Organiser will provide declaration forms for teams participating at the Championship.

Attendance cards and height certificates are to be produced if required.

## COMPETITION

Eight (8) games plus tie breaker will be selected from the twelve (12) nominated events by a draw, conducted by the Official Steward with Team Trainers/Managers prior to the commencement. An Official Prince Philip Mounted Games Steward must officiate on the day.

As soon as the date for any Competition has been decided, the organiser **MUST** advise the Pony Club WA. The Active Riding Sport Committee will appoint a Chief Steward and the organiser will be advised.

## METHOD OF COMPETITION

If the number of teams eligible for competition exceeds the number of lanes in the arena (which is ordinarily 6), then the competition shall be run as for the semi-finals of the Championships. In such a situation, the teams will ballot for lanes 1 - n, (where n equals the total number of teams) for each game. When n is an even number (8, 10, etc.), 4 or 5 teams will run off in 2 heats of equal numbers of teams for each game, and scored as usual (see scoring below).

In the circumstance of n being an odd number (7,9 etc.) the teams will run off in 2 heats of unequal teams (4 and 3 or 5 and 4) for each game, with the scoring being the same for each heat and calculated as for the largest heat. That is, in the situation of 5 teams in heat 1, and 4 in heat 2, the scoring for heat 2 will be 6 points for 1st place, 5 points for 2nd place, etc., as for heat 1. Ordinarily, 12 teams only proceed from the Championship qualifying competition to the Championships.

In certain circumstances the Active Riding Sub Committee may, at its discretion, invite additional teams from the Championship qualifying competition to the championships. Such circumstances might include the following: An exceptionally high standard of competition from the teams placed behind the 12 teams at the championship qualifying competition.

## SCORING

Points will be awarded on the basis of one in excess of the number of teams competing; i.e. with six teams competing, points will be 7 / 6 / 5 / 4 / 3 / 2 / 1 - Elimination / 0 - Disqualification.

In competitions where two (or more) heats are run for each game, such as at the semi-finals of the Championships, or at exceptional Zone competitions (see above), the points will be awarded identically for each heat, despite one heat having one more team if the total number of teams is odd. For example; if heat 1 has 5 teams and heat 2 has 4 teams, the points awarded for both heats will be 6 for 1st place, 5 for 2nd place, etc. Elimination will be only 1 point for both heats.

## ADDITIONAL INFORMATION

The games will be selected from and played in accordance with the attached Rules section, which are taken from the current International Rules.

There will be no objections or protests of any kind other than by officials appointed for the competition.

Where the word 'horse' is used, this also includes 'pony'.

## RESULTS OF COMPETITIONS

Full detailed Result Forms of Competitions and any Gear Check Reports must be forwarded by the organiser to:

## **LINE STEWARDS**

Line Stewards must have a thorough knowledge of the rules and have studied carefully the details of each race in the competition they are to steward.

They must have attained their 18th birthday.

Before the event they must attend the briefing, which is normally not less than one hour before the first event.

Unless two recognised Line Stewards are nominated on the entry form, that entry will not be accepted. If nominated Line Stewards or their representative/s do not report at the briefing, within five minutes of the stipulated time, with the Team Manager, then that team MAY be eliminated.

It is recommended that there be a minimum of 8 Line Stewards situated as follows:

- One each side on the Back line,
- One each side on the Start/Finish line,
- One each side on the Centre line,

- One each side on the Changeover lines.

This may be varied at the discretion of the Chief Steward, taking into account the number of riders in each heat and whether it is a teams or pairs competition.

Line Stewards must not allow their attention to wander and must watch their delegated area of the competition.

Start/Finish and Changeover Line Stewards must check to ensure that changeovers happen behind the line and that all relevant rules are obeyed.

Start and Changeover Line Stewards must ensure that only the next rider to go takes up the position at the start or change over line. The others must remain behind the 6m line.

Centre line Stewards must check mid field procedures and watch the linkup in pairs games.

Back line Stewards must check that riders who are sent back to the Back line remain behind the line when the race is started as well as watching for rule infringements behind the Start/Finish line during the race.

In the event of an infringement of the rules that is not corrected, the Line Steward who has observed the infringement raises his/her baton at the end of the race to attract the attention of the Chief Steward. Line Stewards should always give rider the benefit of the doubt. He/she then conveys to the Steward the error of the relevant rider(s) and the Steward then decides what action should be taken.

Stewards will report to the Official Steward any person who questions their decisions, is abusive, or obstructs their duties in any way whatsoever.

Line Stewards must not call instructions to any competitor, but they must answer competitor's questions (as briefly as possible).

Close concentration is required by Line Stewards, who must ensure they are not distracted, even by a bad upset in a lane.

It is recommended that Line Stewards move to the next position clockwise after each game is played.

Line Stewards are not responsible for the position of the ponies at the start. If an unruly pony has to be held, the Team Manager or Coach (whichever is in the Arena) will do so, and must be behind the 6m line.

Punctual attendance is essential by all concerned. The Organiser shall provide a list of all Line Stewards and two Head Line Stewards, to hand to the Official Steward prior to briefing. A nominated responsible adult must be with their teams during this inspection. If a problem is not corrected, the Official Steward may disqualify that member before the start of competition.

## **JUDGING**

The result of a race will be decided by the order in which the ponies' heads cross the finishing line when ridden or the riders cross the line when dismounted, as in the Sack Race. When ponies finish in pairs, it is the head of the second pony that counts.

## GENERAL RULES

1. No whips or spurs may be used. Use of the baton, reins or other article as a whip shall incur elimination of the team from the event.
2. All Officials other than the Official Steward will be appointed by the Competition Organiser.
3. It is essential that all Team Coaches meet with the Official Steward prior to the competition to inspect equipment and conduct the draw and discuss any matter relevant to the competition (the briefing).
4. The Games to be played shall be selected from those listed in the Games Section of the International Rule Book. In the event of any dispute, the Official Steward's ruling shall be final and binding.
5. If for any reason a game cannot be run, it may either be replaced by the spare game or be declared void at the discretion of the Official Steward.
6. A team may be eliminated for not correcting mistakes made during an event. A team may be disqualified for serious breaches of the rules.
7. If for any reason the Judge cannot decide one or more of the placing's in an game, only the teams concerned must run the game again.
8. Team coaches only are allowed in the collecting ring and arena with their teams.
9. Except when the rules allow riders to dismount, they must remain mounted (facing forward, legs astride the saddle, or back when saddles are not used). Should a rider fall off and lose their pony, and they wish to resume the game, they must do so at the point of the fall.
10. The signal to start will be the drop of a flag. The starter may order an unruly pony to stand, or be held behind the six-metre line. The starter alone is responsible that the start is fair, so if after dropping the flag they consider the start was unfair, they must immediately raise the flag again and recall the riders by whistle.
11. In all games in which the riders weave round bending posts the following will apply:  
The rider may pass the first post on either the right or left. Thereafter they weave alternately to the right and left of successive posts. The following faults will incur elimination of the team from the event:
  - a. Passing the wrong side of a post unless corrected.
  - b. Failure by the rider concerned to replace a post they have knocked down.
  - c. Breaking a post.
12. At the handover, only the rider next to start is allowed to take up position behind the line. The remainder of the team must remain beyond the six (6) metre line. This rider must go next and may not be replaced by one of the others for any reason, or the team will be eliminated.
13. Handovers or changeovers from one rider to the next must take place behind the changeover line. The whole of the next (outgoing) rider and their pony - all 4 hooves - must be behind the line until the previous (incoming) rider and their pony have crossed it, and until they have handed over the baton or other article. Should the next (outgoing) rider cross the line too soon, the team will be eliminated unless they return and correct the error. All handovers/changeovers must take place beyond the start/changeover line but not necessarily between this line and the six (6) metre line.
14. No rider may help another unless they are both involved in a handover.

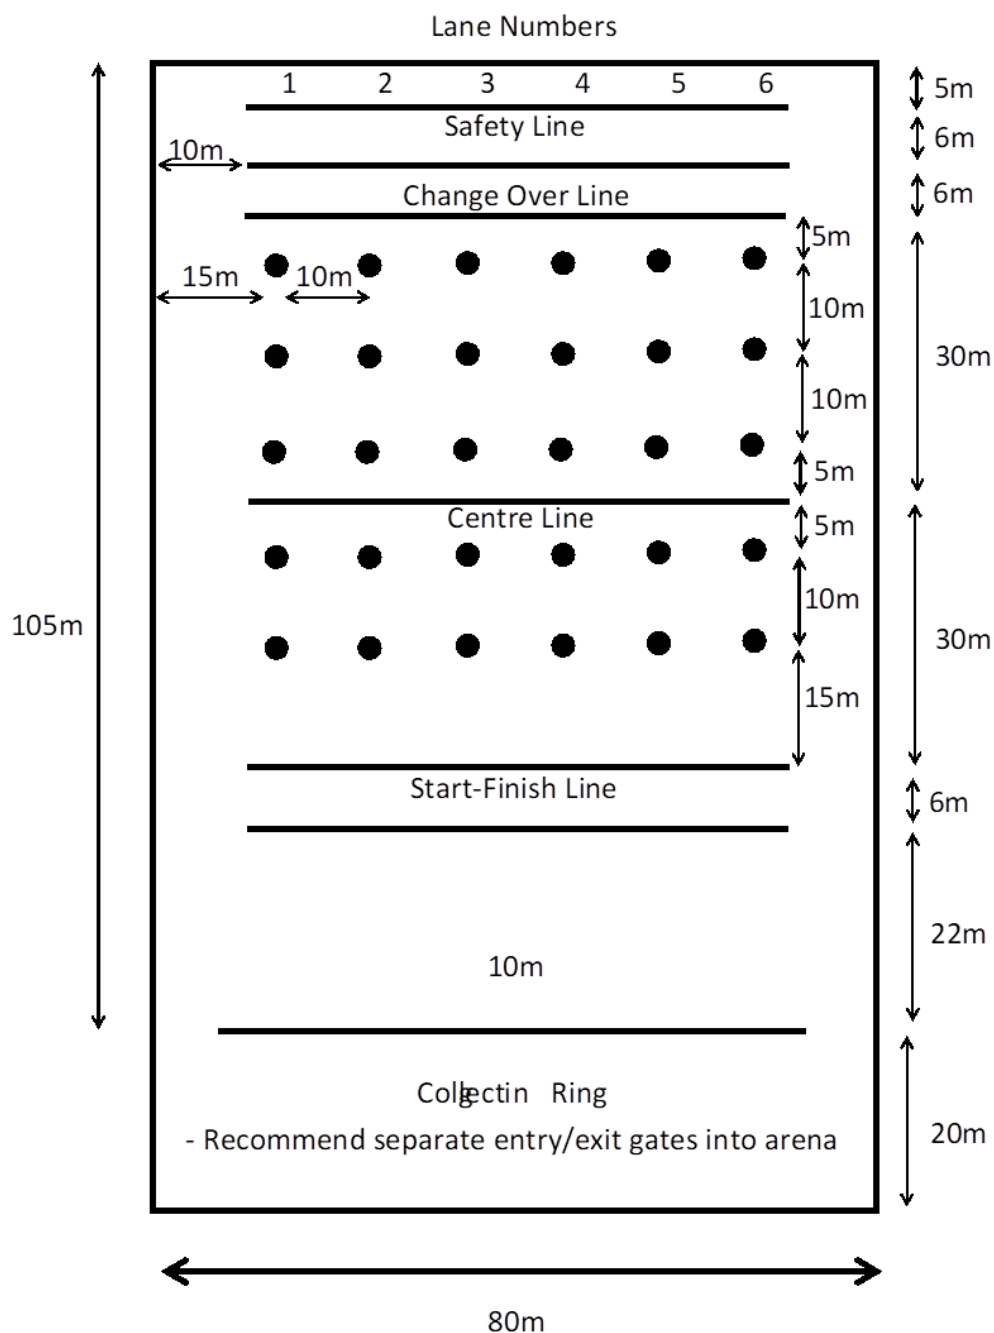

15. Should a rider drop an article that they have to carry, hand over or put into or take out of a container or pick up, they may then place it where it has to be put whilst dismounted, after which they must remount to resume the game. At a handover in the interests of safety the **incoming rider only** may pick up the dropped object and hand it over dismounted while not infringing general rule (14) above.
16. Should a rider knock over a container, table, post, etc. mentioned in Rule 15 and 16 they must immediately set it up again and replace all the articles that should be in or on it except the one being collected which need not be replaced. They can dismount and do this by hand or remain mounted. The penalty for infringement is elimination of the team from the game.
17. If a pony runs loose away from its rider, the team may be eliminated from the game at the discretion of the Official Steward, (usually depending on interference with other teams or length of time to resume the event). Leaving the arena is elimination. No person may enter the arena to catch a loose pony; only the Line Stewards of the team involved, the team or the Arena Party may help and then only when the pony has left the arena. Once the pony and rider are reunited, the team may continue the game from the point of infringement.
18. A rider who commits an error during a game may return to correct it, even after crossing the hand-over or finishing line, provided they have not left the arena or the Judge has not declared the race to be over. Should they go back, the rider may not hand over or finish until they again cross the line after correcting the error.
