## How does Scoring work?

23. If more than one test or class, per level or height, per day is scheduled at an event, placings will be awarded to:
  - The highest place per day per level per discipline
  - The only exception to this is the Active Riding Leaderboard where each class can receive 1 placing per day (Classes refer to: PPMG Final Score, Per Novelty, Pony Club Mount/Active Riding Challenge).
24. Where a rider is riding two rounds at the same grade at the one event, the highest placing will be awarded.
25. If the age category of a class does not equate to the Sports Leaderboard age categories, riders will be awarded points for the actual place achieved in the class according to their age category on the leaderboard. This will only occur if the classes do not correspond to the leaderboard and there is no suitable age class available.
26. Riders who enter a class they are not eligible for will not receive points for placing in that class, unless point 25 applies.
27. Points earned in a lower grade cannot be carried over to a higher grade.
28. A horse/rider combination can be awarded points and place in two grades over the year but not in the same event on any particular day.
29. Where there are equal points being placed, awards will be allocated to each rider.
30. If a rider is competing more than one day at an Event, points will apply each day per horse rider combination per discipline per level. Levies will be charged each day. These classes will be noticed as a leaderboard event on the program for riders to choose.

## Disciplinary Action

31. If a member is suspended by Pony Club WA for any matter other than medical suspension, they will forfeit their right to participate in the Sports Leaderboard Series.
