SHOOTING

The pool pistols provided for the competition will be calibrated to the sub 6 o'clock position. This means that the pistols are set to hit above the point of aim (e.g., if you aim below the bullseye, you should hit the bullseye. This is done as it is easier to accurately line up the sights when you have a white background.)

Competitors are allowed to use their own laser pistol. Pistols will be inspected prior to use and must be a UIPM endorsed laser pistol and have no modifications to the standard issue barrel or trigger.

CLUB COORDINATOR

Each Club must nominate a Club Coordinator.

- A Zoom briefing meeting will be held in the week prior to the event for all Club Coordinators.
- The purpose of the zoom meeting is to distribute information and provide a forum for queries and clarifications.
- Club Coordinators must supply a mobile phone number which they can be always contacted on during the event.
- The Club Coordinator has replaced the Team Manager role.
- Individuals will collect their own bib numbers.
